

BHMA Car Rental Partners

Builders Hardware Manufacturers Association (BHMA) is managed by The Kellen Company. Kellen is an Association Management Company with a portfolio of Trade Associations and Professional Societies.

Kellen has partnered with Avis Budget Group as their primary car rental vendors and has extended their special discounts with BHMA (Builders Hardware Manufacturers Association). This will provide BHMA (Builders Hardware Manufacturers Association) with significant savings and benefits as well as negotiated rates. We encourage you to enroll in either Avis®, Budget® or both! Discount codes can be found below:

AVIS Worldwide Discount (AWD)	Budget Corporate Discount (BCD)
D619101 (negotiated insurances are not included) Enroll with Avis	D958401 (negotiated insurances are not included) Enroll with Budget
Click here to view 2017 rates	

Using the Discount

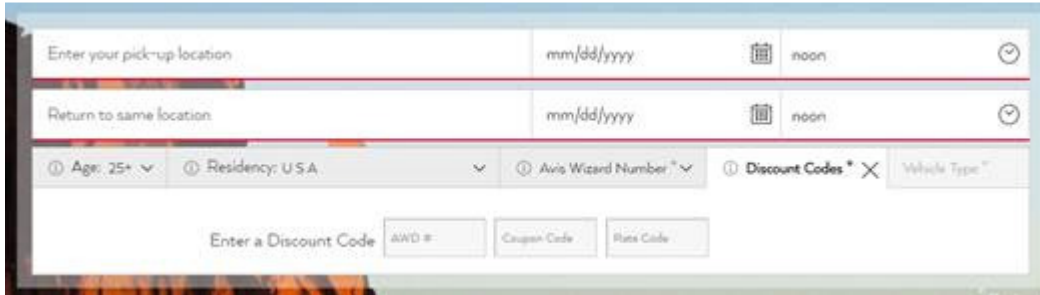

First, create an [Avis](#) or [Budget](#) account. For this you'll need your driver's license and credit card ready. You can rent a car without an account, but you'll lose the benefit of skipping the counter.

If you already have a profile, add Kellen's discount codes, **D619101** for AVIS Wizard and **D958401** for Budget Fastbreak, to your account to receive the rates and benefits Kellen has already negotiated on your behalf. **Negotiated insurances are not included.**

Detailed instructions on how association members can enroll in Avis can be found [here](#) and instructions for enrolling in Budget can be found [here](#).

Making a Reservation

To make a reservation visit www.avis.com or www.budget.com. Your profile is tied to the Kellen program and will give you the rates and benefits that have been negotiated by Kellen. If lower promotional rates are available, they will automatically provide those. If you did not create a profile with Avis or Budget add the discount code to the reservation by using the drop down box.

The image shows a screenshot of a web form for making a car rental reservation. The form is divided into several sections. The top section has two rows for location and time: "Enter your pick-up location" and "Return to same location", each with a date field (mm/dd/yyyy), a calendar icon, and a time field (noon) with a dropdown arrow. Below this are several dropdown menus: "Age: 25+", "Residency: U.S.A.", "Avis Wizard Number", "Discount Codes" (with a close icon), and "Vehicle Type". At the bottom, there is a section titled "Enter a Discount Code" with three input fields: "AWD #", "Coupon Code", and "Rate Code".

Detailed instructions on how to make a reservation with Avis can be found [here](#) and instructions for Budget can be found [here](#). You can also book and manage your rentals on your smartphone using the Avis and Budget apps.
